A UNIT OF KIDZ WORLD

## KIDZ WORLD ANTHEM

With tender hands and love in our hearts

With baby steps and hope in our path,

With colors so pure ....

With happiness and more ....

We built our little world,

Our very own Kidz World

We practice what we preach

That nothing is beyond reach

We dream and we dare ....

And believe what is fair

We send you an invitation

To come and share our vision

We don't hate and we don't judge

We believe in goodness and we wont budge

With every step and breath we take

We pledge to never give up

We salute bravery

And pray in humility

We are the country's noble children

We are the KIDZANIANS
