

Belvedere Spring School

A UNIT OF KIDZ WORLD

INFANT BELVEDERE:

Infant belvedere consists of Classes PlayGroup, Nursery, Jr KG and Sr KG.

The rich experience drawn from managing Kidz World Nursery School during the Past Decade has helped in fine tuning the teaching methodology towards the needs of the infants. The school optimizes its teaching techniques through a mix of Play Method, Montessori Method and other international methods of teaching the toddlers. The Teachers & Staff are especially trained to gently handle the weaning away of the tiny tots from the parental home to their second home, Belvedere Spring School since the time spent here is sheer fun and joy for them.
