

# Belvedere Spring School

A UNIT OF KIDZ WORLD

## MEDICAL MATTERS

The administration of medicine is a parental responsibility. If your child needs medicine in the middle of his/her school hours, you should contact school to make arrangements for you to give your child the medicine.

Children who are asthmatic will need an inhaler which can be kept in school. If your child suffers from any allergy or serious medical condition, please ensure that the school is kept informed. Any food allergies should be specially informed since the school provides nutritious snacks.

If your child is feeling unwell, then please keep them at home where they will be more comfortable.

## FIRST AID

In case of minor wounds and accidents, first aid will be administered in the School itself and every effort shall be made to contact the parents to seek further medical care and inform them as well.

Please notify the School of the reason for absence. Regular attendance is important. Term time holidays are strongly discouraged. All absences are monitored by the School.

## SCHOOL MEALS

We support the healthy schools initiative.

A wide choice of nutritious & healthy food, all cooked on site, are available at School. School meals are complimentary. Alternately, parents are welcome to provide their children with a healthy packed lunch. These should not contain fizzy drinks, chips, wafers, or any other unhealthy option.
